Need to refocus and re-energise? You're not alone

The past year has been chaotic for so many of us. Women, especially are facing unprecedented pressures from all directions. As a result, their confidence and ability to achieve have taken a significant hit. Reiki is the primary healing tool to ground and heal you as you refocus and re-align to your soul purpose.

Can you relate to the following challenges?

- You feel that if only you could find your "what you are looking for, life would be so much easier.
- You lack time, energy and clarity to get on with your life.
- You know you need to make some changes and prioritise yourself before you fall off the bandwagon, but you need help.
- You have lost direction and need to find clarity to increase your energy, vitality and trust your inner wisdom.
- You need to stop repeating the same patterns over and over.
- You feel an inner calling to let go of your limiting beliefs and expand with your purpose work.

If you can relate to any (or all) of the above, you are not alone. We have reached a time in society where we are being called to "come back home". A time to do the inner work to build our foundation to "IGNITE & RISE". Learn how to achieve more. The good news is, if you are reading this then you are ready for this.

The Reiki journey and Attunement is the start of your energetic journey. Creating a space for you to relax, increase your intuition and go deeper. You will be introduced to ways that TRANSFORM you as you "unlock your unique code". Your intuition becomes heightened and you start to be that enlightened women you are craving to be. Step into your personal power and be your best self with increased energy and vitality as you build a rock-solid energetic foundation with a clear purpose!

Here's what you will experience, feel and enjoy during the "IGNITE & RISE" WORKSHOP including a Reiki Attunement ...

Morning:

Today, we will introduce and explore the Usui Reiki healing history, practice and attunement. This will provide you with foundational energy so you can start to access your higher self and heal. Reiki is the core tool for unlocking your unique code, raising your vibration and energy, and enabling you to transform, going from a place of doubt to one of confidence and strength. You will also understand how the body, mind and soul are connected and learn techniques to raise your energy and vibration.

REIKI IS: Spiritually guided universal life-force System of natural healing that involves the laying on of hands. It is thousands of years old. And was first used by Tibetan Monks and, rediscovered in the 1800's by Mikao Usui. It is vertical & horizontal energy flow through the body. It is the Science of self-improvement.. Energy travels to the root cause of the problem and Intuitively knows where to go.

Step into your transformational journey!

By the end of this workshop, you will feel refocused, re-energised and reconnected. You will experience a true state of relaxation, with more clarity, direction and an understanding of what it feels like to "unlock some of your unique code." Feel confident as you step into your personal power by harnessing the magic of the Reiki universal healing energy as you begin to "IGNITE & RISE."

Meet Joan - Reiki Master

As a Transformational Health & Wellness Expert with over 15+ years in Health & Wellness in corporate leadership, and 20 years of clinical experience as Nurse in Intensive Care and Mental Health, it has always been my mission to make a difference and create change in people's lives.

I found myself called to integrate other modalities into my scope of practice such as a Diploma of Naturopathy, Reiki Master attainment and a Diploma in Business Management. Coupled with my high intuitive abilities, I realised that I have the unique ability to work with people's energies and revitalise them to increase their vibration to help them heal and see life with clarity and purpose.

I take high performing women on a journey to create personal transformation to "Unlock Your Unique Code." (TM). This is where we discover your mental, physical, and emotional levels, that allows you to go within to find out who you are and gently awaken to create the shift that you have been seeking. By unlocking your unique code enables healing, balance, revitalisation, and awakening to step into your personal power and be your best self with a rock-solid foundation. Prioritising your Health and Wellness.

I help you to tap into your intuition, listen to your gut and to make decisions with flow and ease which is incredibly important for women in high level positions. I provide you with the foundational tools so that together we discover what you are truly capable of through finding your unique code. One of the foundational tools is Reiki energy healing: by calling on the universal energy assists you in your healing journey and further activates your intuition.

What sets me apart in my industry is decades of experience with a strong background in health and wellness, coupled with my substantial qualifications. My senior leadership positions with world leading organisations, as well as a mix of Eastern and Western philosophies, allows me to work on a subliminal level with a person's energies to rebalance, reenergise, revitalise, and increase their vibration. I provide a robust foundation that allows you to be empowered to do the work so that you can maintain, flourish, and amplify your energy. To read Joan's full story, [click here](#)

A client, Jessica Ritchie, a Brand Expert and busy mother of two said, "As a business owner who specialises in helping women form their identity through branding and marketing, I have a critical eye and attention to detail in finding the right person who I think is the right 'fit' and that can help me. I found Joan ticked all my boxes through her high credentials, experiences, and qualifications. I didn't want a 'fly by night' kind of person, I wanted the real deal. One of Joan's superpowers is being able to channel a person's energy and kindly yet firmly create a plan that propels you to becoming your best, highly intuitive self. To live in flow and step into your personal power with a tailored plan to unlock your unique code is pure gold."

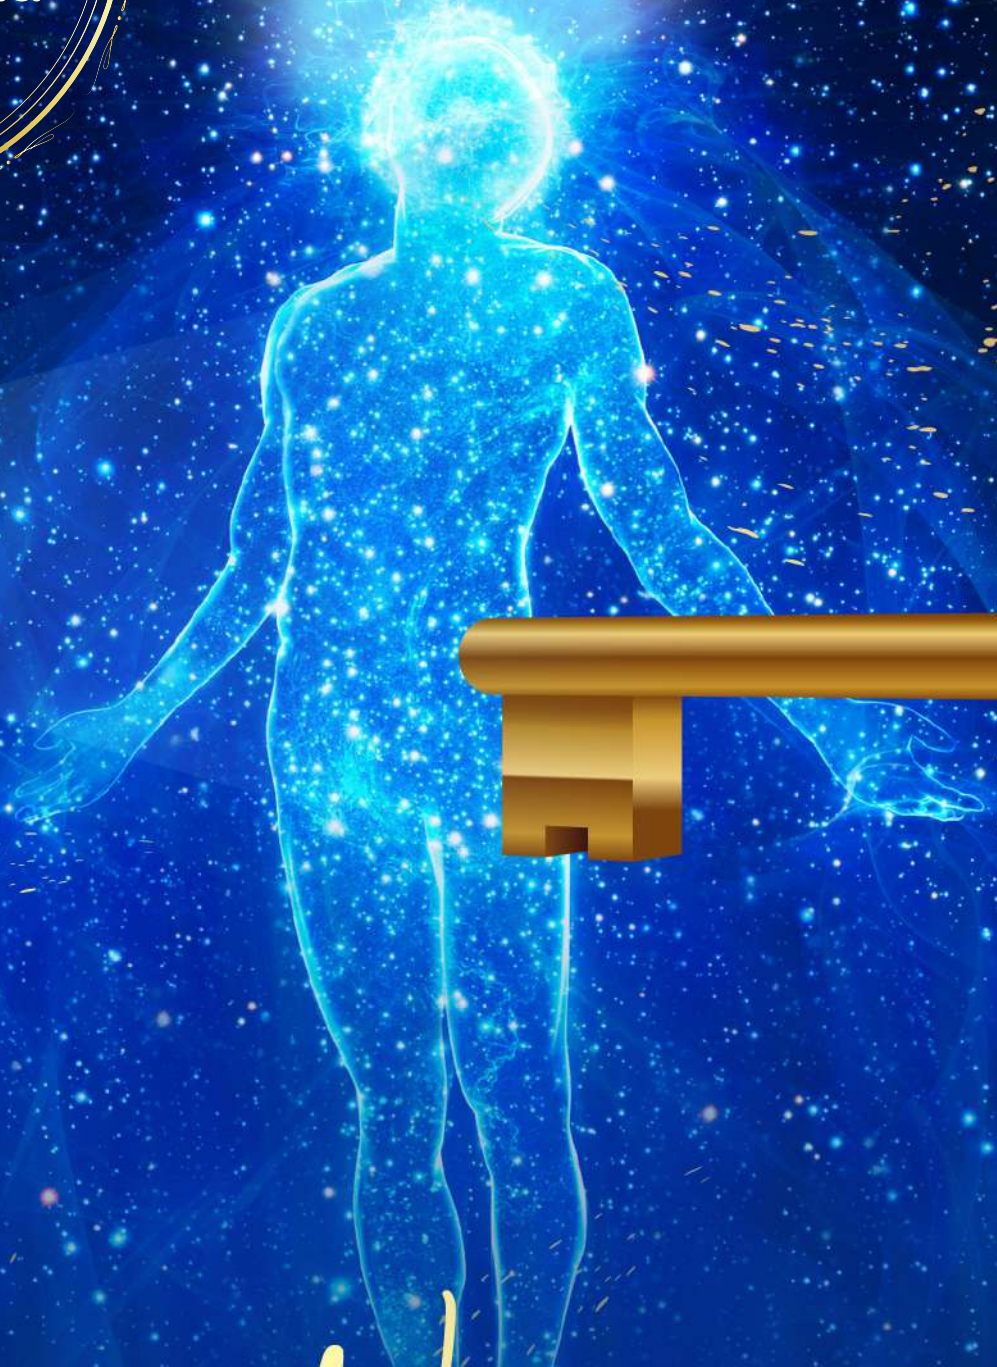

I look forward to hearing how I can assist you unlock your unique code on your journey as you "Ignite. & Rise" through the Reiki healing journey.

Warm regards,

Joan McEwan
